

# 2024 Semester Plan 2

**Semester Plan 2:** purchase a weekly lesson slot time for the duration of your selected Semester. Semester options are displayed on the next page.

**Monthly payment will appear the same no matter how many personal or studio cancellations are used in that month.** *If there is a concern about missing lessons, reach out to Miss Abigail! We are unique in offering rescheduling options or last minute cancellations without added fees.*

**Due to the nature of our teachers' schedules, there is a limitation of one lesson per week, within studio hours.** There are ~5 of each given lesson slot time in the week. Please follow our rescheduling process for personal cancellations or long-term lesson slot change needs. **More than one lesson per week must be purchased separately. Exceptions can be coordinated.**

If there are unexpected changes that require an end to this contract prematurely, we simply ask for a two week notice before the start of the next billing month and your contract will be dissolved without added fees or fulfillment of your Semester cycle.

- Use the studio's **rescheduling process** for one-time requests as well as long-term slot changes.
